My Dearest Brother,

I want to tell you how much good
the medicine is doing me. I only had
the prescription filled three days ago,
and haven't had one bit of trouble
with that sourness or burning in my
stomach since I took the first dose.

The day I had it filled I thought
I would almost have ^{to} thank
you a thousand times for the prescription.

Will you please send me
the prescription for those capsules
you gave me for that pain in my
chest and side & bad cold. Also the

... of the ... you were ...
... cold, I don't think the colonial
tablets you called these cold tablets.

I have helped you as much as I
believe this would be good for Mrs.
Bobb, he is full of aches & pains
I'm worried all night to death about
him. His rheumatism is so bad
he can't dress him-self. Can you
will you please send him a treat-
ment. He can't lay on either side
he suffers so interduely with his
arms. And it is now getting down into
his right thigh or hip. He also has pains
in his side something like pleurisy.

I have used liniments & ed plasters
but they don't seem to do any good.

Don't hesitate to send advice & presents
from ~~me~~ via Dr. Schuller's acct. as he

This A.M. I saw he told her good-bye
he told her if she needed him any
more just to let him know. I then
asked him for the bill he said nothing
and that at any time that any of
my brother's children were here and
he could do any thing for them
he would gladly do it. So Will,
you write him a note of thanks.
His address is 102 Bartlett Ave.

We are getting the full benefit of
the terrible winter blizzard. It is
awful cold here to night. But thank
God we have warm comfortable
home. My heart just aches when I
think of the poor who haven't fire
or provision. Now Will please
take time to let me hear from
you at once. With much love from
all to all and a heart full from Sister M
